

CHRIS HOWE

BRITISH & AUSTRALIAN PGA QUALIFIED AA

As a golf instructor I am to be an effective communicator and provide relevant feedback helping the student to rapidly grasp the concepts and techniques to build and reinforce their skills and knowledge, whilst making the lessons productive, interesting and fun.

Following 4 years of training, I graduated through the UK golf academy in 2001.

I have experienced success in regional and national events in the UK as a player and gained a full playing card on the Euro-pro circuit during 2002-2004 where I gained valuable experience in a very competitive environment. Today I continue to play events and remain ambitious.

Since turning professional in 1997, I have possessed a strong passion for teaching and within my different working environments have developed and implemented ladies, senior and junior programs along with teaching elite players.
